Dear Mr. Finch:

This letter confirms our discussion on May 2, 1969 concerning the litter problem and fence construction at 7200 Walker Street.

The entire area must be cleaned and cleared of all waste and litter, and the area shall be maintained in a clean and neat manner.

We understand that a chain link type fence will be constructed this year to replace the present fence.

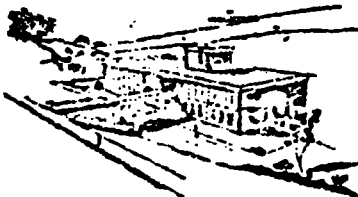

We ask your attention in this matter to alleviate the problem as soon as practicably possible.

If you have any questions please feel free to call us at 920-3000.

Very truly yours,
